

Botanical Garden
of the Piedmont

We'll Grow Together

Help us find out what plants and animals live in the Botanical Garden of the Piedmont!

1. Download the iNaturalist phone app (free!)

- Register with iNaturalist

2. Start making observations of what you see

- Tap “Observe”
- Take one or more clear photos as evidence.
- Choose what you think you saw.
- When and where you saw it should be added automatically if you allow tracking (“Me” tab > “Settings” gear picture > “Prefer no tracking” off)
- “Share” your findings with the iNaturalist community
- Check back for comments from the community about your observations

3. Explore what others have seen

- Tap “Explore”
- Tap any marker on the map to see what was observed nearby
